

## PLAN TO REPORT REDS' FAMILIES

Order States All of Kin  
Will Be Delivered to  
Soviet.

New York, Dec. 2.—Families of anarchists are to be reported to the Soviet government, according to a telegram received today by Harry Weinsberger, counsel for Alexander Berkman and Emma Goldman from Anthony Campetella, commissioner general of immigration.

"If you represent any alien ordered deported to Russia who has a family, file your application for family to accompany such alien and the same will be given consideration," the message said. "The government will report them to the Soviet Union at the earliest practicable date."

The telegram, the attorney said, also made it clear the radicals would be delivered to Red guards in Russia where deported, and not to the White House.

Weinsberger's renewed request for a stay of the surrender of Berkman and Goldman till Monday was refused today by the department of labor, and he said they would be surrendered at the time ordered. Berkman was expected to arrive here today from Chicago with Alice Goldman following him.

Weinsberger said the department would institute habeas corpus proceedings in both cases immediately after they had been surrendered.

**EL PASO CASE SUBMITTED.**  
Austin, Tex., Dec. 2.—In the court of criminal appeals today, the case of L. E. Singletary, from El Paso, was submitted on brief and oral argument for both state and appellant. Singletary was given a term of five years in the penitentiary on conviction of manslaughter.

## Keep The System Clean And You'll Be Healthy

Elimination helps to avoid colds, headaches and epidemics

ANYONE who has watched himself know that there is nothing so important to health and comfort as regular daily elimination. Half of the minor illnesses of life are due to neglect of this. The five million men who were in our army know the importance the doctor attached to this function.

By all means try to regulate yourself by intelligent diet and exercise, but when those fail you will need a laxative, one as new to nature in its action as skill can make it. In the opinion of many thousands of good Americans such a one is Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin, heads promptly, gently and without quaking and will so completely regulate any tendency to constipation that you may have.

## Boys And Girls Pig Show To Be Held Saturday

Prizes Will Be Awarded  
Youthful Farmer En-  
trants in Contest.

Twenty-two boys and four girls, competing the boys and girls pig club will participate in a pig show at 2 o'clock next Saturday afternoon.

The show is to be held at the Peyton packing plant. Some of the finest hogs ever raised in the valley will be shown there. Roland Harwell said Wednesday.

The hogs were bought several weeks ago under the auspices of the county fair bureau and sold on credit to members of the pig club. The State National bank financed the purchase and took the notes of the boys and girls payable in six months. The members were all put on their honor and no security was needed.

The requirements were that each member name and care for his or her own pig. The pigs were bought from the farm owned by C. K. Bassett in this county. Some unusual names were selected for the pigs. One had the name of Mr. Bassett, from whom the hogs were bought, named his pig "Fighting Bassett." This was because the pig proved such a winner.

The judge at the show will be sent from the New Mexico agricultural college. Two firm companies will take pictures of the pigs and the packing company will butcher the pigs. Prizes have been offered by the packing company and the chamber of commerce.

The first series is offered by the packing company on the basis of the amount of dressed meat produced in proportion to the live weight. These prizes are \$25, first \$15 second and \$10 third. The chamber of commerce offers \$15 as follows: \$10, \$12, \$15, \$15 and \$12.

Take it when you feel drowsy, dizzy or bilious, when you feel a cold or a fever coming on, when there is an epidemic, when you have eaten anything about which you are in doubt. It is at such times that you need to be free of poisons and of fermenting foods. You can buy Dr. Caldwell's Syrup Pepsin at any drug store for 50c and \$1 a bottle. Thousands of families have it constantly in the house against emergencies.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the longest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. R. Caldwell, 522 Washington St., Mendota, Illinois.

## Sickness Cure or Sickness Prevention

When Pasteur proved the relation of germs to infectious diseases, he marked a big advance in that development of medical science which reigns today—the idea of *Sickness Prevention*.

As a result, many plagues and epidemics that were the bane of former ages no longer terrify the world, and science has now developed an effective agent against the condition which is the first cause of over 90% of all human disease—constipation.

That effective agent is Nujol.

Nujol by relieving constipation prevents the absorption of poisons which otherwise would be taken into the blood and so under-mine the whole system.

Leading medical authorities agree that pills, cathartics, etc., simply force and weaken the system.

For Nujol is entirely different.

Nujol prevents constipation by softening the food waste and encouraging the intestinal muscles to act naturally.

Nujol helps to establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

For valuable health booklet—"Thirty Feet of Danger"—free, write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, N. Y.

**Warning:** Read the label on each bottle. Beware of imitations represented by the name or brand. The only safe way to obtain Nujol is to get it from the Nujol Laboratories.

**Ghost Groans Prove To Be Dying Peddler In Tenement Chimney**  
New York, Dec. 2.—Occupants of a Bridge Street tenement house were almost correct today when they reported to the police that the groans of a "ghost" had been annoying them for two days. Detectives, aided by firemen, dug a hole to a chimney on the house at 100 West 12th St. and found a dying peddler, who informed them that, business being bad, he had decided to end his life by jumping down the five-story chimney Monday morning.

He was taken to a hospital suffering chiefly from hunger and exhaustion.

**NINE OPERATORS DISCUSS PROPOSED WAGE INCREASE**  
(Continued from page 1.)

would be submitted to fuel administrator Garfield for ratification, but that several days would be needed to work out problems presented.

Continued optimism in official circles was marked, although production figures available showed an increase in daily tonnage. This now is estimated semi-officially at better than 40 per cent of normal.

In the central district, however, hardly a pound of coal is being produced except by wagon mines and a strip pit or two, operators said.

**NEW MEXICO OPERATORS CONSIDER PROPOSED WAGE**  
Albuquerque, N. M., Dec. 2.—New Mexico coal operators are holding a conference here today to decide on granting the miners a 14 percent wage increase in line with the recommendation of the government.

It is said a majority of the operators favor such action. Conditions in the New Mexico fields are again short of coal, the operators reported.

Production, it is said, will be sufficient to meet the demands of the state. No coal shortage is expected.
